WORKING WITH RUDY

OVER 50 YEARS EXPERIENCE

A highly regarded expert in the real estate industry, Rudy has occupied the roles of appraiser, realtor, real estate consultant, speaker, developer, entrepreneur, landowner and deal maker. A skilled negotiator, he has successfully closed many prominent deals and has worked with thousands of individuals on buying and selling real estate.

Rudy has a unique and highly successful method of determining the highest and best use of a property and the ability to create dynamic market strategies to the ideal target market.

An innovator and a trailblazer, many look to him to provide insight on residential, commercial and rural land and real estate trends.

BACKGROUND OVERVIEW

With Rudy comes over five decades of real estate experience and a vast knowledge in all corners of British Columbia. His diverse expertise in property acquisition and assembly, single and multi-title appraisals and assessment, land and project development, air-photo and satellite mapping interpretation and property valuation are immeasurable. Above all, he has the know-how in appraising and valuating timber.

Rudy has been a fee appraiser for numerous large commercial corporations including Canada Safeway, Imperial Esso, Gulf Oil, Texaco, Standard Oil, Touche Ross, Royal Bank of Canada, Imperial Bank of Commerce, Bank of Nova Scotia, Montreal Trust, Toronto Dominion Bank, Tilden Rent-a-Car, Uniroyal Tires, Van Tel Credit Union, Roman Catholic Church, Can- Corporation, Imperial Life, City of Prince George, Royal Trust, Pacific Rim Mortgages, and Seattle First Bank.

One key appraisal, marketing and consulting venture was with Imperial Life properties appraising over 250 individual titles spread throughout British Columbia. The contract was to analyze the 'best and highest use' for each title, identify and realize latent revenue, negotiate with government regarding potential land trades, improve the land and assist with marketing.

Rudy was instrumental in the quick sale of the townsite of Kitsault, overseeing all marketing strategies. Pivoting on Rudy's knowledge of the media and his extensive media contacts and reputation, the multi-million dollar sale garnered unprecedented – and positive– local, provincial, national and international attention.
